

About Corazón Ministries - 2023

Mike and Claire were commissioned as missionaries by their home church, Christ Community, in 1992. Corazón Ministries was founded as a 501(c)(3) nonprofit, missions' agency in 1994, and continues to be dedicated to the following goals:

- To evangelize Hispanic/Latino and other ethnic communities in a culturally sensitive manner. (Matthew 28:18-20, 1 Timothy 2:3-6)
- To equip the body of believers for work and service in the Hispanic and other ethnic communities. (Ephesians 4:11-13, 2 Timothy 3:16-17)

Corazón Ministries has developed cross-cultural trainings and workshops, and cultivated relationships with churches as new believers need a church community in which to participate. Corazón currently has teams across the US, including Florida, Texas, Washington, and California, as well as Arizona where believers from various denominations and cultural backgrounds work together under a similar ministry model. Ministry teams reach, equip, and send believers out to impact Hispanic and Latino communities for the Gospel of Jesus Christ.
